1/25/24

### HAPPY NEW YEAR

We hope you had a happy holiday season and are looking forward to all that will happen in the new year. Here, at the Archibald Lake Association we are beginning our new Membership season. As always, we are asking current members to renew their membership. We are also asking past members and people near the lake to consider joining our Association.

The Archibald Lake Association has a long history of commitment to the preservation of the lake and the improvement of recreational opportunities. 64 years since its inception, the Association continues to be a proud steward of this wonderful lake. From building fish cribs in the beginning, to working on ways to keep our lake healthy against the threat of invasive species today, we have completed many projects. A complete list of Association Accomplishments is included with this mailing. We realize that every project doesn't directly impact everyone. However, every project tries to maintain or improve the quality of the lake we share. Only through your financial and volunteer support are we able to continue this work. Please take the time to read the enclosed accomplishment sheet and strongly consider joining this wonderful Association!

THEN...turn to the Membership Renewal Form in this mailing and fill in the required information. Look for any corrections that need to be made to the information found there. If you choose to join, follow the directions for making your payment. This form can be used for present members, returning members and new members.

**We couldn't be the Association we are without your continuing support – financially and if possible, by being a volunteer.**

*If you choose to renew/join, and we hope you do, please return this form by 2/29/24.*

**Thank you for your continuing support!**

Karla Doyle, President

Steve Fleming and Betsy Nock, Membership Co-chairs.
